

# BISCAYNE GREENWAY TRAIL LANDSCAPE IMPROVEMENTS

MIAMI-DADE COUNTY, FLORIDA

---

The Biscayne Greenway Trail Segment C is a 6.5 mile multi-use path that meanders through trees, near Biscayne National Park and other several of South Florida's coastal habitats. This project is part of the South Dade Greenways Network, a 43 mile world class greenway that connects 9 different trails and provides a link to Biscayne National Park and other portions of Miami-Dade County.
